

# PRIMEURS 2021

## CHÂTEAU DE CRUZEAU RED

**2021** For this vintage, the weather did not spare the vineyard of Chateau Cruzeau: a strong frost episode at the beginning of April, but also hail in mid-May. In the end, in 2021, Château de Cruzeau will record a 40% loss in red wine volumes. The weather at the beginning of autumn saved the vintage, allowing the Cabernet Sauvignon to reach full maturity.
