

# PRIMEURS 2021

**BLEND:** 100% sauvignon blanc

## CHÂTEAU DE ROCHEMORIN WHITE

**2021** The pre-season was marked by significant rainfall, but also and above all by a strong episode of frost at the beginning of April, which had a very strong impact on the harvest: 40% loss of volume for the whites. However, these small yields did not affect the quality of the grapes. The Sauvignons picked in September were of good quality. The weaker sunshine in 2021 proved positive, giving the wine greater freshness and a beautiful aroma.
