Thanks to their hard work, Château Reynon is today one of the most renowned Premières Côtes de Bordeaux estate.

Soils

Deep gravelly soil layers on clayey subsoil top a perfectly well drained hill. At mid-slope the soils are clayey and calcareous and the rock protrudes in some areas. The soils are sandier at the foot of the slope.

Blending

73 % Merlot - 14 % Cabernet - Sauvignon 13 % Petit Verdot

Wine making and ageing

Ripened harvest is handpicked and undergoes 20 to 25 days maceration at moderate temperature (25°C to 30°C). Ageing is performed in oak barrels a third of which is new, for 12 months.

Tasting

Chateau Reynon Rouge has a deep color and subdued aromas with liquorice black-currant and smoky nuances; the flavors are velvety, elegant and powerful. They have an exceptional style that privileges the freshness of the fruit concentrated by the "noble rot", strength, balance and subtlety of the flavors.
